SKILLS

PROGRAMMING

- Proficient with:
JavaScript • TypeScript • C/C++ • HTML/CSS

TOOLS AND TECHNOLOGIES

- Proficient with:
React.js • Next.js • Vue.js • Angular • RxJS •
Git • Vuex • Redux • JEST • Node.js • Figma
- Familiar with:
React Native • SQL/NoSQL • Linux • Jira •
Playwright • Postman • Docker • GenAI

COURSEWORK

Data Structures and Algorithms
Operating Systems
Computer Networking
Database Management System
Artificial Intelligence & Machine Learning

CERTIFICATIONS

[Data Structures and Algorithm Course](#) | GFG
[Web Development Bootcamp](#) | Udemy

EXPERIENCE

LONGSHOT AI

Software Engineer Intern | Dec 2023 - Present

Frontend Developer Intern | June 2023 - Oct 2023

- Spearheaded **Vue.js** development for Longshot AI's website and also utilized **React** and **TypeScript** for their flagship product (**Fulcrum**).
- Achieved an **80% increase** in user satisfaction by significantly **improving app performance** through **data streaming** and advanced frontend features, including **pagination, infinite scroll, lazy loading, caching, analytics and auto scroll**.
- Led the development of various features, including the creation of a **Brand Voice, Content Planner, SEO Checker**, and other UI-heavy components requiring **complex frontend logic**.
- Developed and delivered **production-ready products** involving **GenAI models**, and contributed to testing using **Playwright** for comprehensive automated testing.

POSITION OF RESPONSIBILITY

PROGRAMMING CLUB, AKGEC

Senior Coordinator | May 2022 - Present

- Coordinated and mentored numerous **DSA and CP** coding contests and workshops in collaboration with a team of **47 members**.

PROJECTS

NOTEDROP | LIVE | REPO

Full Stack Notion clone

- **Features:** Notion-style editor, Trash can & soft delete, Authentication using OAuth, File upload/delete/update, Publishing notes to the web.
- **Tech Used:** Next.js 13/React.js, TypeScript, Convex, Clerk, Tailwind.

NYAYSETU | REPO

Indian Legal System GenAI Chatbot | SIH'23

- **Features:** Voice assistant in multiple languages, GPT fine-tuned for the Indian legal system, Select cases functionality, Citations for accurate legal references.
- **Tech Used:** GPT 3.5, Bhashini API, Whisper.ai, React.js, Node.js

BINARYDREAMS | LIVE | REPO

Full Stack AI image Generation WebApp

- **Features:** Image generation using OpenAI's DALL-E model, Sharing with community, Image download, Accessible Prompts.
- **Tech Used:** React.js, Node.js, Express.js, MongoDB, Cloudinary

ACHIEVEMENTS

- Smart India Hackathon **SIH'23 Finalist**.
- Rated **1412 (Specialist)** on CodeForces.
- Rated **1687** on LeetCode.
- **College Rank-5** in BIT-Coders contest(700+ participation).
- Solved **1000+ DSA & CP** problems on various platforms
- Lead mentor for **#include** DSA workshop with **200+ participation**.
